## ALWAYS BE TRUE TO YOUR MOTHER.

We have just received a copy of the above named beautiful song and chorus. Words by Mrs. Julia A. Carney and Music by Charles Baker. We give our readers the first verse and chorus.

## FIRST VERSE.

Always be true to your mother!  
For her sake be noble and true!  
The dreams of her own life are over,  
Her hopes are all centered in you.  
For you she will bear with misfortune;  
Encounter stern poverty's blight;  
But sadly her life will be clouded,  
If you are not true to the right.

## CHORUS.

Always be true to your mother.  
Although she is faded and old;  
She loves you as ne'er can another,  
With love that can never be told.

Price 40cents per copy. Our readers will receive a copy by sending 20 cents in postage stamps to F. W. Helmick, Music Publisher, 265 Sixth Avenue, New York.

"COLD HANDS AND FEET" is the subject of a timely article by Dr. William H. Flint, in the February number of "BABYHOOD." The writer contends that habitually cold hands and feet are always a symptom of disturbed health and ought to be brought to the notice of a physician. "The Evils of Indiscriminate Drug-Giving in Children" are forcibly dwelt upon by Dr. J. M. Miller, who especially deplors the tendency of of mothers to dose their children with laxatives on the slightest provocation. The troubles of teething time are the subject of another valuable medical article. The department of "Baby's Wardrobe," "Nursery Helps and Novelties," "Mothers' Parliament" and "Nursery Problems" are, as usual, full of practical hints to young mothers. \$1.00 a year. Sample copies free. Babyhood Publishing Co., New York.

Among the most valuable features of Dr. Barrows's great history of the Parliament are a table of contents prepared by Dr. Leonard Woolsey Bacon, a series of seventeen chapters which brings together what the great faiths had to say about God and Man and Redemption, the Family Life, the Ultimate Religion, a series of more than three hundred portraits and other pictures splendidly reproduced, a fine account of the Scientific Section, reports of more than thirty Denominational and Inter-denominational Congresses held in connection with the Parliament, two interesting concluding chapters written by Dr. Barrows giving his summary and conclusions in regard to the Parliament, and a scholarly index with biographical notes.

EDWARD BOK's successful article in the January "Cosmopolitan" on "The Young man in Business" has been reprinted in a tasteful and handy booklet form at 10 cents by The Curtis Publishing Company, of Philadelphia. To this reprint Mr. Bok has added some fourteen pages of editorial matter answering "Three Uncertain Young Men."

## NO. 3.

It is not generally known what a vast plant it requires to publish and circulate a metropolitan newspaper. The Chicago Inter Ocean has in its Circulating Department alone nearly one hundred men and women, not to mention the carriers who deliver the paper to all parts of the city before breakfast every morning. It may be mentioned that no kind of weather however severe, is permitted to interfere with this delivery in any way. Of this large force, about one-half of them work through the day at ordinary office or clerical work and the other half begin late at night and work until about daylight, preparing and addressing the wrappers, counting and wrapping the papers, "routing" and mailing the bundles. Their work is of the most difficult nature and is done in the quickest possible manner, and yet so well is it done that it seldom happens that a single bundle or paper of its immense edition of nearly 100,000 reaches its destination on other than the right train and at the right time, unless delayed by accident. The system is wonderful and its operation almost perfect. —The Inter Ocean.

## BOOKS FOR SALE AT THIS OFFICE.

No home is complete without Books, Tracts and Papers; but much the greater part of what is published is either worthless or positively harmful. We cannot rely upon advertisements, as a man, without a conscience can write as good words for what is either valueless or nefarious as for that which is worthy and elevating. In this department it is our aim to offer only such books, tracts and papers, as the editor can personally recommend. We expect to add to the list from time to time as we find books of special merit. We shall also esteem it a favor of our book lovers if they will report to us the title, author and publisher of books they think are entitled to a place in this column.
